amendment of the profit and loss transfer agreement dated December 19, 2001

between euromicron Aktiengesellschaft communication & control technology and
EUROMICRON Werkzeuge GmbH – ein Unternehmen der euromicron Gruppe

I. General

euromicron Aktiengesellschaft communication & control technology (hereinafter referred to as “euromicron AG”) and EUROMICRON Werkzeuge GmbH – ein Unternehmen der euromicron Gruppe (hereinafter referred to as the “subsidiary”) concluded a profit and loss transfer agreement on December 19, 2001 (hereinafter referred to as the “profit and loss transfer agreement”). The Executive Board of euromicron AG and management of the subsidiary jointly submit the following report on the amendment of the profit and loss transfer agreement in accordance with Section 295 (1) in conjunction with Section 293a AktG (German Stock Corporation Law).

II. Amendment of the profit and loss transfer agreement

euromicron AG, represented by the Chairman of the Executive Board, Dr. Willibald Späth, and the Executive Board member Mr. Thomas Hoffmann, concluded an amendment agreement to the profit and loss transfer agreement (hereinafter referred to as the “amendment agreement”) with the subsidiary, represented by Mr. Thomas Wald, the Managing Director authorized to represent it, on March 24, 2014. The amendment agreement is attached as an **Annex** to this report.

The shareholder’s meeting of the subsidiary approved the conclusion of the amendment agreement beforehand on March 18, 2014.

The amendment agreement shall only become effective with the approval of the General Meeting of euromicron AG. The Executive Board and Supervisory Board of euromicron AG shall therefore propose approving the amendment agreement to the Ordinary General Meeting of euromicron AG, which has been convened on May 14, 2014.

In accordance with Section 295 (1) in conjunction with Section 294 (2) AktG (German

Stock Corporation Law), amendment of the profit and loss transfer agreement shall not become effective until it has been entered in the commercial register at the place of the subsidiary's registered offices.

III. Parties to the amendment agreement

1. euromicron AG

euromicron AG, Frankfurt/Main, Germany, entered in the commercial register of Frankfurt/Main Local Court under HRB 45562, is a listed stock corporation and the ultimate parent company of the euromicron Group. euromicron AG's fiscal year is the calendar year.

The company can achieve this purpose itself or through subsidiaries and associated companies.

The company can undertake all business transactions suited to promoting the purpose of the company. The company can also take a participating interest in other companies in Germany and abroad, acquire them, assume management of them, establish branch offices and conclude affiliation agreements with other companies.

The members of the Executive Board of euromicron AG are Dr. Willibald Späth (Chairman) and Mr. Thomas Hoffmann. In accordance with Section 7 No. 2 of its Articles of Association, euromicron AG is legally represented by two members of the Executive Board or by one member of the Executive Board jointly with a holder of general commercial power of attorney. If there is only one member of the Executive Board, he/she shall represent the company on his/own her.

2. The subsidiary

The subsidiary has its registered offices in Sinn-Fleisbach and is entered in the commercial register of Wetzlar Local Court under HRB 4015. The subsidiary's fiscal year is the calendar year.

The purpose of the subsidiary is the development, production and distribution of fiber-optic components and products related to that sector, as well as all derived products related thereto and machines for the cable and wire industry.

The sole shareholder of the subsidiary is euromicron AG, which has a direct participating interest of 100% in the subsidiary.

The subsidiary's nominal capital is €716,000.00 and is fully paid up.

The Managing Director of the subsidiary is Mr. Thomas Wald. If more than one Managing Director has been appointed, the subsidiary shall be represented jointly by two Managing Directors or by one Managing Director jointly with a holder of general

commercial power of attorney. The company shall be represented solely by one Managing Director if only one Managing Director has been appointed.

IV. Legal and economic reasons for concluding the amendment agreement

The amendment agreement modifies the existing profit and loss transfer agreement to reflect the current legal situation; formulations on the assumption of losses have been chosen so as to make changes to the text of the agreement superfluous even if there are changes to the law in future (dynamic reference) and also to take new tax requirements into account:

The German Act on Modification and Simplification of Business Taxation and the Tax Law on Travel Expenses dated February 20, 2013, amended the requirements of Section 17 No. 2 KStG (German Corporation Tax Act). In order to establish an integrated inter-company relationship under German income tax law under a profit and loss transfer agreement, it is necessary pursuant to the change in the law for the profit and loss transfer agreement to contain an explicit dynamic reference to the provisions of Section 302 AktG (German Stock Corporation Law).

The amendments do not have any economic or operational effects on the companies involved.

The core of the parties' main performance obligations (transfer of profits by the subsidiary and equalization of losses by euromicron AG) remains unchanged.

The minimum term for tax purposes of the profit and loss transfer agreement in its non-amended version has already expired. The minimum term for tax purposes is not to recommence anew as a result of the amendment agreement. The German Act on Modification and Simplification of Business Taxation and the Tax Law on Travel Expenses also stipulates that no new 5-year period begins if the dynamic reference has to be included. If even the minimum term for tax purposes would start to run anew, that would not entail any effects as regards the integrated inter-company relationship under tax law established by the profit and loss transfer agreement, because it can be assumed that the amended profit and loss transfer agreement will at most remain in effect for the duration of the newly commencing minimum term for tax purposes.

V. Explanation of the amendment agreement to the profit and loss transfer agreement

The provisions of the amendment agreement are to be explained in the following.

1. Assumption of losses

Section 2 of the amendment agreement provides for a revision of Section 3 of the profit and loss transfer agreement.

Section 3 of the amended profit and loss transfer agreement contains the obligation on the part of euromicron AG, as the controlling company, to equalize any net loss for the year made by the subsidiary during the term of the agreement in accordance with the

provisions of Section 302 AktG (German Stock Corporation Law). The reference is now a dynamic one: Reference is now made to “the applicable version” of the statutory provision referred to. The operation of Section 302 AktG (German Stock Corporation Law) in its entirety and in its applicable version is required in accordance with Section 17 (1) Sentence 2 No. 2 KStG (German Corporation Tax Act) for an integrated inter-company relationship under tax law with a GmbH (German limited liability company).

In accordance with Section 302 (1) AktG (German Stock Corporation Law), any net loss for the year otherwise made during the term of the agreement – i.e. without an equalization of losses – must be equalized, unless it is equalized by amounts allocated to the other revenue reserves during the term of the agreement being withdrawn from said reserves. In this regard, euromicron AG bears the economic risk of the subsidiary. This obligation to assume losses is a mandatory consequence of the profit and loss transfer agreement.

Section 302 (3) AktG (German Stock Corporation Law) governs the possibility for the subsidiary to waive its claim to equalization of losses and settlements relating to this claim. The reference to Section 302 (3) AktG (German Stock Corporation Law) results in particular in the following in the present case: The subsidiary cannot waive the claim to equalization or reach a settlement on it until three years after the date on which entry of the agreement's termination in the commercial register has been published in accordance with Section 10 HGB (German Commercial Code). This shall not apply if euromicron AG is insolvent and reaches a settlement with its creditors to avert insolvency proceedings or if the obligation to render compensation is regulated in an insolvency plan.

In accordance with Section 302 (4) AktG (German Stock Corporation Law), the claim for equalization of losses becomes time-barred 10 years after the date on which entry of the agreement's termination in the commercial register has been published in accordance with Section 10 HGB (German Commercial Code).

The above changes in Section 3 of the profit and loss transfer agreement result in a standardization with regard to other profit and loss transfer agreements.

2. Miscellaneous

In addition, the recitals to the agreement have been amended for the purpose of clarification and adjusted to reflect the new business address of euromicron AG (Section 1 of the amendment agreement).

Section 3 of the amendment agreement clarifies that the provisions of the profit and loss transfer agreement not amended by the amendment agreement remain unchanged.

VI. Assessments in accordance with Sections 304 and 305 AktG (German Stock Corporation Law)/Auditing of the amendment agreement to the profit and loss transfer agreement

Because there are no outside shareholders, euromicron AG does not have to make

any compensatory payment and cash compensation in accordance with Sections 304 and 305 AktG (German Stock Corporation Law). Therefore the agreement does not include any regulations on compensatory payment and cash compensation for outside shareholders within the meaning of Sections 304 and 305 AktG (German Stock Corporation Law).

Since euromicron AG directly holds all the shares in the subsidiary, no audit of the amendment agreement by a court-appointed expert auditor (contract auditor) is required in accordance with Section 295 (1) AktG in conjunction with Section 293b (1), 2nd half of the sentence AktG (German Stock Corporation Law).
